Profit, in accounting, is an income distributed to the owner in a profitable market production process (business). Profit is a measure of profitability which is the owner's major interest in income formation process of market production. There are several profit measures in common use.

Profit (accounting) - Wikipedia

In cryptography, a certificate authority or certification authority (CA) is an entity that issues digital certificates. A digital certificate certifies the ownership of a public key by the named subject of the certificate. This allows others (relying parties) to rely upon signatures or on assertions made about the private key that corresponds to the certified public key.

Certificate authority - Wikipedia

Distribution Chlorpromazine is widely distributed to the body tissue. It crosses the bloodbrain barrier - and achieves higher concentrations in the brain than in the plasma.
